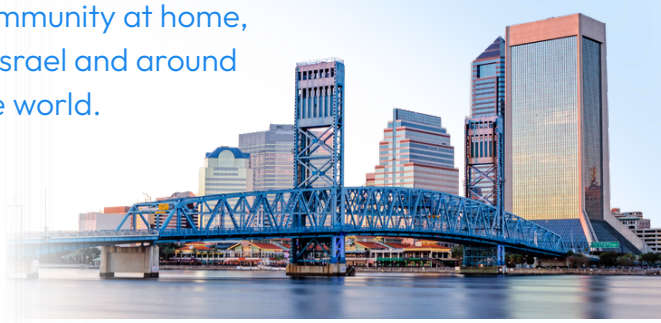
JEWISH FEDERATION & FOUNDATION
OF NORTHEAST FLORIDA

More Than Just *Allocations*

CONNECTING. PROTECTING. INVESTING. ADVOCATING.

A stronger Jewish community at home, in Israel and around the world.



More Than Just Allocations

When you think of the Jewish Federation & Foundation of Northeast Florida, you may think of fundraising and grants. But our work goes far beyond raising and allocating dollars. We are uniquely positioned to look across our entire Jewish community, identify needs and opportunities, and bring people, organizations and resources together.

We work alongside synagogues, schools, agencies, community organizations, elected officials and law enforcement partners to address challenges that affect our community as a whole.

Keeping Our Community Safe

We work closely with local and federal law enforcement partners to strengthen security, preparedness and communication across the Jewish community.

Since 2024, our Community Security Director has helped secure more than **$2.8 million** in state and federal funding for community security.

Combating Antisemitism

Through the Jewish Community Relations Council (JCRC), we use education and advocacy to combat antisemitism and strengthen understanding of the Jewish community.

Our Student-to-Student program reached 200 non-Jewish high school students, helping young people learn about Jewish life and experiences directly from their peers.

Investing in Jewish Life

We invest in the future of Jewish life. Our work supports initiatives including:

- Senior Services
- Jewish Education
- Jewish Programming
- Campus Engagment
- Community Building
- Israel Engagement
- Student Advocacy
- Leadership Development

In 2026, Federation allocated and granted nearly **$4.7 million** through our Annual Campaign, Foundation and Security grants.

Connecting Our Community Locally and Beyond

Federation connects Northeast Florida to the broader Jewish world through partnerships in Israel and around the globe. Grants support trusted partners providing economic, therapeutic, educational and lifesaving services.

Through Rebuild Israel

We support Israel's long-term recovery and resilience following October 7 and two years of war, helping rebuild communities, restore livelihoods, support trauma recovery, and strengthen the future of Israeli society.

Jewish Federation & Foundation of Northeast Florida

We bring together people, organizations, resources, ideas, and expertise to address needs and opportunities that no single organization can tackle alone.

This is what makes Federation different.
