As One,
We Inspire Jewish Connection

Today's challenges have awakened a powerful desire for Jewish connection and belonging. In times of uncertainty, our diverse Jewish experiences give us strength and purpose. Now, more than ever, we must deepen our connections to the Jewish community.

As One, we must empower our communities to live their Jewish values with pride. We must build welcoming spaces for Jews of all backgrounds. We must create meaningful experiences that inspire a lifelong passion for our traditions, values, and culture.

As One,
We Stand United Against Hate

Our communities are under threat from rising antisemitism. Synagogues vandalized. Students harassed on college campuses. Families afraid to openly express their Jewish identity. This may be our reality but we will not be defined by fear and hatred.

As One, we must confront antisemitism wherever it arises. We must secure our synagogues, schools, and community centers. We must advocate for change on Capitol Hill and in our state capitals and city halls. We must empower our communities with the knowledge, tools, and resources to ensure their safety.

Federation enhances security throughout **Jewish Toledo** at institutions.....

As One,
We Rebuild Israel

Jewish Federation & Foundation
OF GREATER TOLEDO

From our own communities, we reach across continents to Israel, where the October 7th attacks and subsequent war have left deep scars. Communities devastated, families ripped apart, and a sense of security shaken to its core. Yet, Israel's strength and resilience continues to shine through.

As One, we must invest in long-term resilience, strengthening the fabric of Israeli society. We must offer healing and hope to those grappling with trauma. We must restore livelihoods, rebuild shattered communities, and empower individuals to reclaim their lives. We must ensure a vibrant future for the Jewish homeland.

Jewish Toledo supports vital initiatives in Israel.....
