

Jewish Education

The Jewish Federation of Ottawa plays a crucial role in supporting Jewish education by providing substantial annual funding to both day schools and supplemental schools. Recognizing the pivotal role of education in fostering a strong connection to Jewish life, in the last fiscal year alone, Federation provided \$900K to Jewish education.

Federation's Supplementary School Tuition Incentive Program: "A Place for Everyone"

Open to all families raising Jewish children, this program offers two years of tuition reduction for families who are new to supplemental schools. Student enrollment is up! With 71 first-time students enrolled across five schools, the tuition program has surpassed the initial goal of reaching 58 new students — and achieved a 22% increase.

Generations Trust Fundraising Progress

The Generations Trust, the largest endowment campaign in Jewish Ottawa's history to support day schools, has now reached \$22M in cash pledges!
