

Dear Partners,

We are writing with an important update regarding our upcoming May trips and to share our direction at this pivotal moment.

Israel has always been more than a destination. It is a bridge to identity, belonging, and a meaningful Jewish life. In moments when those very things feel tested, that is when we are called to respond, to say Hineni, here I am.

After ongoing consultation with our security team, partners on the ground, and colleagues across the field, many of whom are also moving forward, **we are proceeding with May trips as planned**. We are confident in our ability to provide a safe, transformative, and well-supported experience. As always, the safety and well-being of our participants and staff remain our highest priority.

We invite you to stand together with us in this moment of Hineni, present, committed, and stepping forward.

We recognize that this moment carries real complexity, and that this decision will not feel the same for everyone.

For partners who are ready to move forward, we are here to support you fully. If your women want to come, let's make it happen.

To support you, we are introducing additional flexibility for May trips:

- You may adjust your number of participants and hold credit through the end of 2027
- We are expanding recruitment flexibility to include additional alumni and mothers of college students and young adults in their early 20s
- For those who need more time, you may postpone to a November trip while maintaining your current Partner Fee

We recognize that many participants have experienced flight cancellations or disruptions. At the same time, additional direct flight options on Israeli airlines are becoming available.

Please advise us of your direction by **Monday, April 20**, and submit any additional participant information by **Wednesday, April 22**.

We are proud to continue this important work of empowering Jewish mothers through experiences in Israel. We look forward to working with you and supporting you in the path you choose.

Am Yisrael Chai,  
The Momentum Team
