JFS Van Waiver for use of Electric Wheelchairs

I, _____ release Jewish Family Services (JFS) of Greensboro from any liability regarding any damage that may come from using my electric/motorized wheelchair while riding the JFS van. I understand that if my wheelchair model is unable to be locked into place on the wheelchair lift, using all four hooks, that I will not be able to ride the JFS Van with my wheelchair. I also understand that it is my responsibility to follow the van driver's instructions exactly to drive my electric/motorized wheelchair onto the wheelchair ramp. If I am unable to follow these specific instructions, I will not be able to ride the van using my electric/motorized wheelchair as it could damage both the wheelchair, and the wheelchair ramp/van and will have to transfer to a non-motorized wheelchair prior to riding the JFS van.
