FAQs - Support At Camp

Campers with disabilities or special needs may require more supervision and support than our group counselors can provide, as ongoing 1:1 supervision and individualized support cannot be provided by counselors. We ask that families clearly indicate camper support needs on all registration materials so that we may talk directly to determine the best route for support and if our camp is a good fit for your child. Failure to provide accurate information may result in our being unable to serve your child when camp begins. Depending on your camper's needs, they may be eligible to utilize Camp Shalom Inclusion Aide services or will be best supported by UCP Dane or another third-party support.

Does My Camper Need Extra Support At Camp?

- Does my camper have paraeducator support, part- or full-time, at school?
- Does my camper receive additional support at extracurricular activities?
- Does my camper need assistance to make safe choices?
- Does my camper need support to stay with a group of peers?
- Does my camper need assistance with toileting, eating, mobility, or other personal care tasks?
- Does my camper benefit from regular breaks during the school day?

If the answer to questions like this is yes, your camper will need extra support at camp. Now, the question is - who will provide this support?

 - The CLTS code may be used when registering, if CLTS funds will be used to pay for camp tuition. There is no additional cost to receive Camp Inclusion Aide services.
 - **Turn in the Camp Inclusion Aide Support Service Request form as soon as possible.** This form is available through the registration system, Active, or through our [website](#). - The CLTS code may be used when registering, if CLTS funds will be used to pay for camp tuition.

Once this referral is complete, the child is added to the waitlist for support, and UCP will follow up with all families later in the spring. Privately Hired 1:1 Support

- If your camper will utilize a privately hired respite provider, please let camp administration know as soon as possible.

If 1:1 support is needed for your camper to be at camp and support cannot be secured, unfortunately, your camper will not be able to attend. Camp will fully refund all payments sent during registration.
