We have started a data mining project examining donation, grant, and financial information analytically and formulating presentations that introduce a visual component to enhance clarity. We have selected a

few samples of the graphical representations created to date that are oriented toward a big-picture understanding of JCP Finances.

- 1) Total Grants include secular grants paid by Foundation (funding from Foundation to Federation has been eliminated to avoid double-counting).
- 2) Local Jewish Needs is primarily to Partner Agencies and includes entities such as Facing History (funding from Foundation to Federation has been eliminated to avoid double-counting).
- 3) International Jewish Needs
- 4) Total Assets controlled by JCP and Affiliates shows the financial base accumulated by JCP to serve the Jewish community through the years. Assets have grown from \$97 million to \$143 million from 6.30.2017 through 6.30.2021 – growth of \$46 million (\$10.7 million from net inflows/outflows plus \$35.3 million from investment activities).
