

JEWISH EDUCATION Scholarship

GIVEN BY

THE JEWISH FEDERATION OF READING/BERKS

The Federation is proud to offer Jewish children/students who are residents of our Berks County Jewish community monetary awards up to \$1000 to support their participation in programs that nurture Jewish identity, leadership, and connections to their culture, history, and Israel.

Our goal is to ensure that every Jewish child in the Reading community has access to meaningful Jewish experiences. While Jewish summer camps are a primary driver of identity, we recognize that families have diverse needs. Therefore, this scholarship is designed to be flexible: it supports summer camps, youth groups, and any structured Jewish educational content.

To receive the scholarship, parents need to submit an online form and include supporting documentation to ensure the participation of their child in the program.
