Aflua/Gilboa Partnership

- Beverly reviewed the history of the Aflua/Gilboa partnership, the core goals and activities and where we are today (see attached document).
- Beverly discussed the reason for leaving the partnership. Based on the Rhode Island Federation model, we believe that we can spend our dollars more effectively and broaden our current working relationships in the area.
- Board discussed the proposal.
- Greg Waldstreicher moved and Jessie Brand seconded to accept the recommendation to leave the Aflua/Gilboa partnership. The motion was unanimously approved.
